

## CAPH

Despite the linear design, the range of the CAPH wall washer series is a perfect solution. The wallwashers offer a variety of possibilities to accentuate different objects. Be it the rustic stone wall in the warm 3000 K or the modern new building in 4000 K or even in RGBW. The various optics with symmetrical or asymmetrical beam angles help with positioning.

With the 240 Volt versions no further accessories are required. Thanks to the 24 Volt versions, CAPH wall washers can be integrated into all types of control systems on the market – a "perfect solution".

### WALL WASHER CAPH SYMMETRIC

- aluminium diecast
- dimensions L x W x H: 1000 x 53,36 x 81,07 mm
- incl. 2 m connection cable with IP44 plug
