BORDER-N-LED

European product - Made in Czech Republic

ATEX certification ZONE 2/21, 22

Wide variability of diffusers for different applications

Variability of housing dimensions

Luminous flux versions from 2300 to 12 000 lm

High efficiency up to 158 lm/W

Robust steel sheet or stainless steel housing

Quick and easy installation in grid, metal or plasterboard ceilings

Wide temperature resistance from -40°C to 60°C

Classified for clean areas in compliance with ISO 14644-1
